

Digital Twin Consortium Membership Benefits

MEMBERSHIP TIERS ARE BASED ON ANNUAL REVENUES. Digital Twin Consortium offers membership tiers based on your organization's revenue. Member services correspond with these tiers, as shown in this table.

- Contributing Member
- Extra Large (Revenue \$200M+)
- Large (Revenue \$50M-\$200M)
- Medium (Revenue \$5M-\$50M)
- Small (Revenue up to \$5M)
- Startup (Revenue <\$1M)
- University/Non-Profit
- Government

WORKING GROUPS. Every member is eligible to participate in Working Groups, which are teams of members that collaborate to address the technology and business needs of specific vertical and horizontal markets. Industry Members in Industry Working Groups drive consortium projects and initiatives.

INITIATIVES. At Digital Twin Consortium, our members drive our projects. We focus our attention and effort on a variety of areas that provide you with ample opportunity to get involved. This helps us propel innovation in the digital twin market.

BENEFITS FOR ALL MEMBERS. Digital Twin Consortium benefits extend to all employees of your organization. Complete benefits for all members are shown below:

Testbeds

Collaborate on cutting-edge digital twin Testbeds—real-world, cross-industry projects that validate and demonstrate interoperability, standards alignment, and best practices.

Podcasts

Be a featured guest on the DTC Podcast, where your voice and insights reach a global audience of technologists, executives, and policy influencers tracking digital transformation.

Best Practice Insight

Gain first-hand exposure to operational and technical best practices across sectors, through direct collaboration with practitioners solving real-world digital twin challenges.

Technology Showcases

We spotlight member innovations to a global audience. These high-visibility publications and assets position you as a key technology contributor to the digital twin ecosystem.

Networking

Build connections with the world's top digital twin practitioners. Engage directly with partners and prospects via Working Groups, Liaisons, and Quarterly Meetings.

Strategic Edge & Collective Influence

As a DTC member, your voice helps inform emerging standards, interoperability frameworks, and regulatory recommendations adopted worldwide.

Capabilities Periodic Table

Contribute to the evolution of the CPT and the AI Agent CPT—landmark frameworks shaping the industry's understanding of core functions and intelligent behavior in digital twins.

Cross-Consortia Participation

Broaden your reach through cross-participation with our sister organizations, the AR for Enterprise Alliance and OMG Standards Development Organization—with discounted access to their programs and initiatives.

Exclusive Content

Access our members-only portal with exclusive content, including use cases, presentations, research findings, member briefings, and technical artifacts unavailable anywhere else.

Startup		Y					
Government		Y					
University/ Non-Profit		Y					

If your organization is also a member of [Augmented Reality for Enterprise Alliance \(AREA\)](#) or [Object Management Group](#), you may qualify for an annual [multi-program discount](#). The Founding Member level for Digital Twin Consortium is closed. Contributing Member status provides the same benefits as Founding Member and includes a seat on the Steering Committee.

CONTRIBUTING MEMBERS. Contributing Members acquire a leadership position governing the Digital Twin Consortium. New and re-elected Contributing Members are selected by the other members in the Contributing Member category during the annual election cycle.

Contributing Members receive the following benefits:

- **Steering Committee Seat.** Four-year commitment with a guaranteed seat.
- **Branding.** Acknowledgement as Contributing Members on the Digital Twin Consortium website, collateral, conference presentations, analysts and media interviews and all other public and internal membership materials.
- **Quarterly Meeting Passes.** Four passes for use by anyone in your organization.
- **Quarterly Exhibit Table.** An exhibit table at our quarterly meetings.
- **Post White Papers.** Enhanced marcom promotions, including posting digital twin white papers.
- **Event Promotion.** Enhanced event support, including promotion of your events on the Digital Twin Consortium Events Page plus social media support.
- **Co-Branded Webinar.** Ability to co-brand and host a use-case-centric or thought leadership style Webinar on the Digital Twin Consortium Webinar platform, BrightTALK.
